

# CUSTOM INJECTION MOLDED PARTS

Specializing in Plastic Injection Molding with Quick Turnaround

- ◆ Insert or Free Standing Molds
- ◆ Expedited Service Available
- ◆ Overmolding
- ◆ Custom Design
- ◆ Simple or Complex Shapes
- ◆ Internal / External Threads
- ◆ Tight Tolerances
- ◆ Complex Undercuts
- ◆ Intricate and Delicate Parts
- ◆ Multi-Piece Assemblies
- ◆ Variety of Moldable Materials
- ◆ Custom Colors

By utilizing MFP Seals' engineers, experienced mold makers, and proprietary software, MFP Seals can take your idea, whether just a sketch or fully designed 3D CAD model, and turn it into a functioning prototype. From there we can analyze and optimize it for a full production run. Because we specialize in plastic injection molding, our experience and expertise allow us to simplify the prototype to production process and quickly turn your idea into reality, faster and at a lower cost, than our competition.

At MFP Seals, there are no small jobs! The precision and quality of our molds ensures that the first and last part of a run meet your specifications, whether you need only 100 pieces, or 10,000,000. And, our extensive variety of moldable materials and custom colors ensure that your product's performance will exceed your expectations and look good too.

**Contact us for a quote on your next molding project. We're ready to inject some life into it!**

## Common Materials Available\*

ABS (Acrylonitrile Butadiene Styrene)

ABS + PC (ABS + Polycarbonate)

Acetal (POM)

Acrylic (PMMA)

PA-Nylon 6 (Polyamide)

PA-Nylon 6/6 (Polyamide)

PA-Nylon 11 (Polyamide)

PBT (Polybutylene Terephthalate)

PC (Polycarbonate)

PE (Polyethylene)

LDPE (Low Density Polyethylene)

HDPE (High Density Polyethylene)

PET (Polyethylene Terephthalate)

PP (Polypropylene)

PS (Polystyrene)

HIPS (High Impact Polystyrene)

PSU (Polysulfone)

PU (Polyurethane)

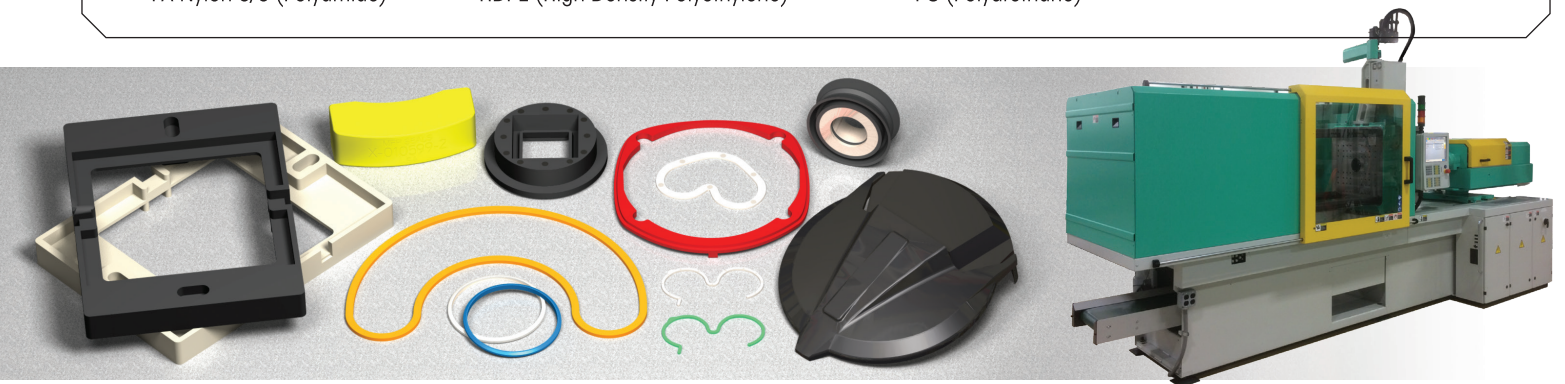

PVC (Polyvinylchloride)

SAN (Styrene Acrylonitrile)

TPE (Thermoplastic Elastomer)

TPU (Thermoplastic Polyurethane)

\*Not a complete list. Contact MFP Seals for other materials not shown here.
