Inch and Metric Sizes available.

## Attention: Manufacturers of Mobile Equipment & Hydraulic Cylinders

If you are searching for a supplier of hydraulic or pneumatic seals, don't overlook MFP Seals. We're a manufacturer of industry standard and custom designed seal profiles, made to fit your application. We have proven performance through testing and customer feedback.

Need something new? We can design it for you, or produce it from your print. We have the Engineers, CNC Machinists, and Molding Technicians to make products that outperform your expectations, and if you want even more, we can custom formulate compounds to exceed specifications, where it's needed most.

MFP Seals manufactures a complete line of sealing products that can be custom tailored to suit your Mobile Equipment or Cylinder design needs. Don't buy seals "off-the-shelf" when you can have seals specifically designed for your cylinder. There's nothing better than a matched set. Call us today! Let's make a deal and get MFP Seals in the groove.

### The Tried and True:

- Industry Standard Seal Geometries.
- Freshly Made to your Order.
- MFP Seals Formulated Compounds targeting specific applications.
- Proven Reliability and Customer Satisfaction.
- Worldwide Service and Support.

### Something New:

- From your Print to Production.
- Custom Formulated Compounds.
- Custom Engineering and Manufacturing.
- Product Testing.
- Custom Kitting and Packaging.

**Thermoplastics, Elastomers, Composites • Injection Molding • CNC Machining**
